New Job Opportunity

The City of Chicago Department of Aviation (CDA) is looking for one (1) Airport Operations Supervisor II - Midway Airport International Airport.

Duties: Visually inspects the condition and maintenance of airfield facilities including runways, taxiways and ramps to ensure compliance with Federal Aviation Administration (FAA) regulations; acts as a liaison with the FAA, airport administration and the operations tower to gather and relay information on weather, construction projects and emergency situations that affect airfield conditions; updates weather and field condition reports and issues and cancels notices to airmen (NOTAMs) on airfield status; prepares documentation and reports of airfield inspections and irregularities and maintains log books; assists in directing airfield operations affected by construction projects to ensure proper marking, lighting, barricades and airfield escort for construction workers; during emergency situations, participates in monitoring responders to ensure compliance with federal and local regulations pertaining to airfield operations and prepares incident reports; requests and monitors emergency repairs made by maintenance personnel and recommends runway closings and openings; responds to inquiries regarding the status of airfield facilities and maintenance issues. Performs related duties as required.

Qualifications:

Three years of airfield operations experience, or an equivalent combination of training and experience. A valid U.S. driver's license is required. Must obtain airfield certification within six months of hire.

Preference will be given to candidates possessing the following:

- Supervisory experience related to the responsibilities of this position
- Work experience as a liaison between various divisions of an airport
- Bachelor's degree or higher in Aviation Management or Airport Management

Closing Date (Period for Applying) - Aug-23-2010

To apply for this position on-line, please go to the City of Chicago Human Resources Website at:

The Chicago Department of Aviation (CDA) is self-supporting, using no local or state tax dollars for operations or capital improvements at O'Hare and Midway International airports. Together, Chicago's airports generate more than \$45 billion in annual economic activity and create 540,000 jobs for the region. Please visit www.flychicago.com to learn more about the Chicago Department of Aviation.

The CDA continues to incorporate and expand sustainable initiatives for airport planning, operations and maintenance, concessions and tenants in accordance with the CDA Sustainable Airport Manual (SAM), released in August 2009. To view case studies, lessons learned and new technologies, and for more information on the SAM, please visit www.airportgoinggreen.org.

The O'Hare Modernization Program (OMP), introduced by Mayor Richard M. Daley in June 2001, transforms O'Hare's airfield from an outdated system of intersecting runways into a modern parallel runway configuration. The program will reduce overall delays at the Airport by 79 percent, and bad weather delays by 95 percent. It will create 195,000 new jobs and \$18 billion in additional economic activity each year. Please visit www.oharemodernization.org to learn more about the OMP.
